

MA in Transformational Leadership

Do you want to grow in your understanding and practice of leadership? Do you want to think through how your faith should impact and influence how you exercise leadership?

The All Nations MA in Transformational Leadership is suitable for people preparing for or involved in leadership in a mission context. The course examines the theory and practice of leadership from a Biblical standpoint, and focuses on the challenges and opportunities of leadership in cross-cultural mission contexts.

The course will provide you with:

- an in-depth understanding of the theory and practice of leadership from a Biblical perspective
- the skills, awareness and understanding to lead effectively in diverse cross-cultural contexts

- the theoretical and practical knowledge required to design effective strategies for missional engagement in a variety of contexts
- an in-depth understanding of a relevant topic of specific interest to you through the writing of your dissertation

**This course is validated by
The Open University**
